Evansville District Walk to Emmaus follows the practice of Progressive Servanthood which means that all first time team members start off as a cook, dining room assistant or Agape Angel and move up into other positions after having served a certain number of Walk and in certain positions. For example, an assistant table leader must have served as a Service Team member at least once, a Table Leader must have served as an Assistant Table Leader at least once, an Assistant Lay Director must have served as a Table Leader at least twice, etc. And remember that Emmaus strongly urges its 4th Day members to be in small accountability groups, whether they are Bible Studies, committed Sunday School groups or Emmaus Reunion groups. Some positions require that a team member be in an accountability group or they cannot serve.

However, all positions on an Emmaus Team are equal in importance and can be done by most people. But there are a small number of positions that require some specific skills or talents. Please answer the following questions if they apply to you.
